

Exploring Beyond the Countertop

You can always count on Latitude

For over 45 years, Latitude has consistently stayed ahead in the industry by embracing both traditional craftsmanship and modern technology. We are deeply committed to our customers and passionate about exploring design details to bring your visions and dream space to life. We take pride in representing you on every endeavor, ensuring your success is at the forefront of our mission.

Latitude Guarantees:

- 10-15 day turnaround - template to install
- 5-day service guarantee
- Stunning edge workmanship
- Access to top-of-the-line products
- Quality and expert service

The Latitude Advantage

More than a surface provider, Latitude is your partner in delivering premium products, expert installation, and complete service to elevate every project.

NEW Latitude Portfolio

Now featuring over 140 top-selling colours from all of our valued suppliers to give our dealers the ability to curate their own product offering specific for their market, still with no minimum square footage requirements.

NEW My Latitude & Dealer Tools

The next evolution of network support: access the first-of-its-kind instant quoting tool plus exclusive dealer resources —helping you sell smarter, plan faster, and win more projects.

OFFCUTS by Latitude

Our eco-friendly initiative lets customers choose from a wide selection of recycled OFFCUTS — saving money and diverting 2.25 million pounds of material from landfills.

Craftsmanship Excellence

We prioritize quality over quantity, delivering high-end results with our edge, mitering, digital vein matching, and installation services.

Top Dekton Fabricator

Partnered with North America's leading Dekton fabricator for top-tier results that will impress your clients and enhance your reputation.

Sinks & Faucets Collection

Specialized sink and faucet collection available to be installed at the same time as your countertop.

Innovation & Education

Our goal is to constantly be looking at ways we can innovate and educate within our industry and community:

Fabrication:

Investment in digital and high performance cutting technology, we lead the industry with superior efficiency and precision in every job.

Design Innovation Centre:

A specialized centre to break apart industry trends, to get inspired and learn about best practices and products.
